

2025 IEEE INTERNATIONAL WORKSHOP ON

# Measurements and Applications in Veterinary and Animal Sciences

PISA, ITALY / APRIL 28-30, 2025

## CALL for Special Sessions

The aims of the IEEE International Workshop on Measurements and Applications in Veterinary and Animal Sciences (MeAVeAS) are to comprehensively explore the various aspects of interactions among the realms of instrumentation and measurement, bio-engineering, material science, chemical and biological measurements, and the field of veterinary medicine and animal and food science. The Workshop provides a platform for researchers, veterinarians, and animal scientists to engage in the exchange of ideas and information, establish connections and collaborations, and stay updated on innovations in the fields of veterinary medicine and animal science.

The IEEE MeAVeAS 2025 Organizing Committee invites proposals for Special Sessions on new or emerging topics that have the potential to have a major impact on the field in the near future. The goal of these special sessions is to provide a forum for focused discussions on new topics or innovative applications of established approaches. A special session could address a particular theme or consist of work done in some particular international project.

### SPECIAL SESSION PROPOSALS

Special Session **proposals** must contain the following information:

- Title of the proposed Special Session;
- Names, affiliations, and contact information of the session organizers;
- Brief biographies of the session organizers;
- Brief description of the proposed session with a list of the related topics.

Papers submitted to special sessions will undergo the same review process as regular papers, where the Special Session Organizers are responsible for organizing the peer-review process.

Special Session Proposals must be submitted through the submission website at
